

# RAMPACK 1100

## WHEELIE BIN COMPACTOR

for 1100 litre bins

Powered from a standard 13 Amp plug and with the simplest of controls, this model is perfect for positioning in limited space environments. The RAMPACK 1100 will Reduce bin emptying frequencies and has a very positive environmental impact. With it's unique 'auto bin-lift', no pressure is put on the bins wheels or ground.
