

RAMPACK 500

MILL SIZE BALER

With XXL Loading Aperture

PRODUCES BALES OF UP TO 600kg

The RAMPACK 500 has an XXL Loading Aperture allowing fast throughput of voluminous and bulky recyclable materials, turning them into dense Wire-Tied **Mill Size Bales** weighing between **500-600kg** - achieving MAXIMUM rebate values

TECHNICAL SPECIFICATIONS

Baler Dimentions

- Height: 3.30m
- Width: 2.1m
- Depth: 1.2m
- Weight: 1650kg
- Power Supply: 400 volt 11kw
- 32Amp 3-phase
- Cycle Time: 40 Seconds

Noise Certification

This machine is certified at 74 d(B)A. Which adheres to the 1990 noise regulation requirements.

Bale Dimensions

- Height: 1.2m
- Width: 1.5m
- Depth: 0.8
- Bale Weight: up to 600kg**
(Dependant on Material)

XXL Loading Aperture (H x W): 0.88m x 1.5m
