

# RAMPACK BEAST Horizontal Baler

*Wire Tie - Mill Size - Semi Automatic*

▼ Shown with space saving Vertical End Door ►

Our RAMPACK BEAST Horizontal Balers are designed for heavy duty work. They feature large loading apertures that can be either 1.5 OR 2m long for fast hand, conveyor or tipper feeding. Each machine is fitted with a Shear Blade as standard.

## TECHNICAL SPECIFICATION

Approx Dimensions (L x W)	5m OR 8m x 1.5m
Shear Blade	Fitted as Standard
Eject System	Fully Automated
Motor	15kW
Cylinder Bore	180mm
System Pressure	175 Bar
Press Force	+50 Tonnes
Cycle Time	48 seconds
Loading Aperture (L x W)	1.5m OR 2m x .8m
Power Supply Rating	63Amp, 415 Volts, 3-Phase
Machine Weight	7.2 Tonne approx
Max Bale Weight	Up To +650kg (depending on material)
Optimum Bale Size (L x W x H)	1200mm x 1000mm x 800mm
